

***Rick and Kaye Baumgartner are Dancers of the Month for December 2008***

## **DANCERS OF THE MONTH**

Rick and Kaye moved to SaddleBrooke in March 2008. Over 30 years of never-ending winters in Breckenridge, Colorado sent them to beautiful, sunny, and warm SaddleBrooke. Rick currently works from his home as a software developer, and Kaye has retired after a fruitful career in elementary education.

They began dancing a bit in Colorado. Upon their arrival in SaddleBrooke, it didn't take long to realize how many activities were available to them. They could walk to ballroom dance lessons and practice was available. They have met so many great people dancing and thank everyone for their help and encouragement. They feel they have learned so much. They both believe that dancing is fun, good exercise, and social. In fact, ballroom dancing was used in Kaye's father's rehabilitation from a major stroke. "When he remembered he could still dance with his wife, his recovery was remarkable," said Kaye. Rick and Kaye also do a great deal of DJ'ing for the social dances. Truth be known, it is mostly Kaye who does the work.

So Join Rick, Kaye, and other dancers on Wednesday afternoons in the ballroom at HOA I.
